Basic Skills I & II (Ice time) – A great deal of discussion took place as to how to restructure the Basis Skills. The coaches have suggested combining the groups to 1 ½ hours instead of 2 hours. Discussion also suggested combing the basic skills to 1 hour. This would ensure that the skaters time on the ice would include instruction for the full hour. This was not voted on due to numbers but needs to be acted on soon to adjust for lower numbers.

Committees

Show Committee – Costumes have all been ordered and should all arrive by January. We are still looking for someone to do the shirt graphics – Sheila Hanegraff was contacted and she would do all the graphics for the book cover/back, posters, t-shirts and the tickets for \$185. Chris Grev said that she would take a look at what we needed and see if she could do it. Deb Stickney and Brenda Boyer have been contacted as well to see if they could do this. We just need to contact Sheila and find out the format she needs it sent in. Show Theme is “Fast Cars and Summer Fun.” Sanctions through US Figure Skating have been sent in for both the Show and the Expo.

Fundraising Committee – The Riverside Figure Skating Club is scheduled for Saturday, January 17, 2009 at the Austin Applebee’s restaurant from 8a.m. to 10:00 a.m. We will need about 10-12 people (at the most) to help that morning. Fliers and tickets can be obtained from Kathy Serratore, Jill Hart, and Tina Janning. We sell the tickets for \$5.00 each.

Registration – Registration forms did not reflect the 8 week winter session so week need to continue to watch our budget. We are planning to do a pancake fundraiser at Applebees in Jan. or Feb.
